\*Outpatient flex includes outpatient psychopharmacology and therapy visits, administrative time, and research - these are interchangeable.

\*\*When you are on HMHK/TIPS (AM), you will have outpatient flex in the afternoon. When you are on eating disorders (PM), you will have outpatient flex in the morning.

\*\*\*NOTE: Electives are 10 weeks long. With permission from program team, the time of the week for elective can be adjusted with a flex/research block.
