

Children's Hospital of Philadelphia's second location in King of Prussia provides world-class specialists and a full breadth of services, including inpatient and 24/7 emergency care, as well as a PICU and NICU. Located on our King of Prussia Campus, the Middleman Family Pavilion makes it easy for local families to access CHOP's pediatric expertise conveniently close to home. Our goal is to facilitate a seamless partnership, with full and prompt answers to your questions and communication on your patients' progress. For information about consults specific to each specialty, refer to this chart.
