

ARTT Study Evaluation ClinCard Info

When you receive your study compensation card in the mail, it will not have any funds on it. You must confirm receipt and then once we have confirmed that the correct person has received the card, we can arrange to have your funds added. This may take a couple of days after confirmation; however, future additions should be faster because you will use the same card throughout the study.

STEP #1

Go to <https://redcap.link/cardconfirmation> and complete the requested information.

STEP #2

Review the attached FAQ document from the card distribution company (ClinCard) to find details about how to use your card once funds have been added.

Reminder!

The following steps in the study include payments:

- Completion of Survey 1 (\$35)
- Completion of week 2 journaling (\$10)
- Completion of week 3 journaling (\$10)
- Completion of week 4 journaling (\$10)
- Completion of Survey 2 (\$35)
- Participation in a focus group session (\$40)

Who to contact

If you have a question about a payment or if you lose your card, please contact our study team using the form on the study page or by emailing vacinfo@chop.edu and using “ARTT study compensation” in the subject line.

If your card is stolen, contact the card distribution company as described on page 2 of the ClinCard FAQ document.

If your card is lost/damaged, notify your point of contact at the study site, and they will be able to replace it for you on-site at no charge. If you prefer to contact customer service, there is a \$7.00 fee for replacement and it will take 7-10 days to receive by mail.

If your card is stolen, call Customer Service **1-866-952-3795**. Customer Service will mark the card “stolen” and will assist you in contacting MasterCard to open a case.

▶ Can I use my ClinCard at a restaurant?

Yes. However, please note that restaurants (including fast food establishments) automatically preauthorize your card for 20% over the total bill, so ensure that you have enough available on your card to account for this.

▶ Can I use my ClinCard at a gas station?

Yes. However, please take your ClinCard inside to the cashier and ask them to run the card for a specific amount. Otherwise, if you use the card at the pump, the gas station will preauthorize your card for up to \$100 or more. While the preauthorization is not a charge made to the account, as long as it is in place, it factors into the calculation of the available balance. It can then take several days for the preauthorization amount to be removed.
