

Current Issues in Vaccines 2024 Webinar Calendar

Paul Offit, MD
Director, Vaccine Education Center at CHOP

The Vaccine Education Center at Children’s Hospital of Philadelphia (VEC), together with the Pennsylvania Chapter of the American Academy of Pediatrics and Wilkes University, is pleased to offer a vaccine webinar series for healthcare providers.

Each “Current Issues in Vaccines” webinar presented by Dr. Offit includes topics being addressed by the Advisory Committee on Immunization Practices (ACIP), covered by the media, or asked about by the public. Specific topics will be available on the registration page approximately one to two weeks before each event. Each presentation will be 40 to 45 minutes, followed by 15 to 20 minutes of audience questions.

April 3, 2024

September 11, 2024

December 4, 2024

Webinars start at noon ET and offer:

- Free continuing education credits
- The latest information about vaccines

*Supported by the Thomas F. McNair Scott
Endowed Research and Lectureship Fund*
